On entering the house, the architect's idea to create an airy, spacious area is realised with the flood of light throughout. This main living room with its cathedral ceiling has a dining area with views onto the terrace and swimming pool and a cosy seating area around the central wood burning stove and is overlooked by the galleried landing above enhancing the space. Adjoining this room is the open plan fully fitted kitchen and a short corridor leading to the first bedroom with shower room and separate WC.

Access to the 3 bedrooms on the first floor is gained by the galleried landing and with stairs up to the fifth bedroom and games room.

This property has been designed to a very high standard providing all creature comforts. With underfloor heating on the 2 main floors powered by a new gas boiler and also a reversible air conditioning system.

terraces. The heated swimming pool lies at the rear of the house with a generous sized pool house.
